

Gulf Shores Features

Gulf Shores Condominiums are closer to the beach than any other condo in the area. This allows for an unsurpassed view from all the individual units. A floor to ceiling window wall in each unit yields fantastic views of the beach and surf.

Gulf Shores features spacious, comfortable accommodations fully equipped with stove, refrigerator, disposal, microwave, utensils, cable TV, phones, towels, bedding, etc.

Also, in-room internet access is available for Gulf Shores guests, as well as wireless access and a courtesy computer in the common area.

Surf fish or swim in the ocean just outside your door, or relax and enjoy our swimming pool or ten-person hot tub.

Gulf Shores also features two elevators, tennis courts, shuffleboard, and BBQ facilities in the BBQ Shack. The gameroom has a partial kitchen, ping pong table, pool table, popcorn machine, movies, games, limited library, and computer with free internet access for guest use. Also, the game room may be reserved for private parties or special events at no charge. Witness great sunrises from your bedroom or living room! Or a beautiful sunset from your front door! Just minutes from Port Aransas and 16 miles from Corpus Christi...be sure to stay with us for your next vacation. [Click here](#) or on the map below for an interactive map!
